

REMOVES ALL RESTRICTION AGAINST EXPORTATION OF ARMS INTO MEXICO

PRESIDENT WILSON ISSUES ORDER RAISING EMBARGO ON MUNITIONS OF WAR

Executive Order Emphasizes Fact That It Is Desire of United States to Be in Same Position of Neutrality Toward the Warring Forces in Mexico as Are the Other Powers—News Causes Keen Joy Among Rebel Leaders.

MEXICO CITY, Feb. 3.—President Wilson's determination to give both factions in Mexico liberty to obtain war material from the United States will not cause President Huerta to deliver to the American chargé d'affaires his passports; nor will it affect in any way his attitude towards the United States or toward Americans in Mexico. This assurance was given by General Huerta tonight. The Mexican president made practically no other comment on the action of President Wilson and he seemed to attach small importance to the matter.

Charge O'Shaughnessy called on President Huerta late tonight but the question of lifting the embargo on arms was mentioned only incidentally and briefly. They were together half an hour. President Huerta reiterated that President Wilson's revocation of the proclamation of 1912 would not cause him to adopt retaliatory measures. He assured Mr. O'Shaughnessy that he has in the capital a sufficient number of troops to suppress any anti-American demonstration which might be begun.

WASHINGTON, Feb. 3.—President Wilson, by an executive order dated today and made public at the white house tonight removed all restrictions against the exportation of munitions of war into Mexico from the United States, placing the containing elements on a basis of equality with respect to the purchase of arms and supplies in this country.

The executive order emphasized that it was the desire of the United States to be in the same position of neutrality toward the contending factions in Mexico as were the other powers.

The text of the proclamation follows: "Whereas, by a proclamation of the president, issued on March 14, 1912, under a joint resolution of congress approved by the president on the same day, it was declared that there existed in Mexico conditions of domestic violence which were promoted by the use of arms or munitions of war procured from the United States.

"And, whereas, by the joint resolution above mentioned, it thereupon became unlawful to export arms or munitions of war to Mexico except under such limitations and exceptions as the president should prescribe.

"Now, therefore, I Woodrow Wilson, president of the United States of America, hereby declare and proclaim that, as the conditions on which the proclamation of March 14, 1912, was based, are essentially changed, and as it is desirable to place the United States with reference to the exportation of arms or munitions of war to Mexico in the same position as other powers, the said proclamation is hereby revoked.

Makes Explanation.

Accompanying the order, the white house issued the following statement of explanation:

"The executive order under which the exportation of arms and ammunition into Mexico is forbidden was a departure from the accepted practices of neutrality—a deliberate departure from those practices under a well considered joint resolution of congress—determined upon in circumstances which have now ceased to exist. It was intended to discourage incipient revolts against the regularly constituted authorities of Mexico. Since that order was issued the circumstances of the case have undergone a radical change. There is now no constitutional government in Mexico; and the existence of this order hinders and delays the very thing the government of the United States is now insisting upon, namely, that Mexico shall be left free to settle her own affairs and as soon as possible put them upon a constitutional footing by her own force and counsel. The order is therefore rescinded.

Foreign Powers Informed.

American embassies and legations abroad were instructed last Saturday to inform foreign governments of the decision. Similarly Secretary Bryan late yesterday informed the members of the diplomatic corps here. This was in line with the policy announced at the beginning of the present administration of keeping the nations of the world informed of the developments in the Mexican policy of this government. The administration viewpoint on the action taken today as gathered from those familiar with the president's attitude, may be summed up as follows:

Administration Viewpoint.

"No one outside Mexico can now accommodate her affairs. The withdrawal of all moral and material support from without is the indispensable first step to a solution from within. From many sources which it deems trustworthy the government of the United States has received information which convinces it that there is a more hopeful prospect of peace of the security of property and of the early payment of foreign obligations if Mexico is left to the forces now reckoning with one another there than there would be if anything like a mere change of personnel were effected at Mexico City.

"There are no influences at Mex-

ico City that can be counted on to do anything more than to perpetuate and strengthen the selfish oligarchical and military interests which it is clear the rest of the country can be made to endure only by constant warfare and a pitiless parrying of the north. The president is so convinced of this, that after months of the most careful study of the situation at close range he no longer feels justified in maintaining an irregular position as regards the contending parties in the matter of neutrality.

"The intent is, therefore, to remove the inhibition on the exportation of arms and ammunition to Mexico from the United States. Settlement by civil war carried to its bitter conclusion is a terrible thing but it must come now whether we wish it or not unless some outside power is to undertake to sweep Mexico with its armed forces from end to end which would be the mere beginning of a still more difficult problem.

"By removing the inhibition on the exportation of arms and ammunition into Mexico the government of the United States puts itself and intends to put itself in the same position as other nations whose subjects have all along been at liberty to deal as they pleased with Mexico. The government of the United States deems it essential to the settlement of her present difficulties that Mexico should be treated as any other country would be which was torn by civil war.

"The circumstances that Mexico is for the time being unable to meet her financial obligations, creates no novel or exceptional international rights and she will be the sooner able to meet her obligations and resume her full international responsibility if she is left to determine her own affairs, first by domestic force and then by domestic counsel."

Storm Center of Agitation.

Shipment of arms and ammunition from the United States into Mexico has been one of the principal levers of American influence in the Mexican situation and has been the storm center of agitation ever since armed revolution began in Mexico in November, 1910. It was charged by the Diaz government then in power that the rebellion waged by Madero was sustained by arms purchased in the United States.

Approve Wilson's Action.

Expressions of warm approval came from both ends of the capital today when news spread of the president's decision to lift the embargo. The members of the senate foreign relations committee it was no surprise, for they had an intimation of it in their recent conference with the president.

"Such announcement does not surprise me," said Senator Lodge, Republican. "I would rather not comment upon it, but I try to sustain the president in his policy."

Senator Root, another Republican leader, commended the move as did Democrats generally.

Many members of congress are confident that the president's action today means the termination of the revolution in a short time. Senators do not venture predictions as to what kind of government would succeed the constitutionalists had semblance of organized and regulated power, even though they had not established civil government in the territory under their control.

Inquiries as to whether the withdrawal of Charge O'Shaughnessy or any change in the border patrol was under consideration led to the declaration of high officials of the administration that no further steps were contemplated at present.

Rebel Leaders Pleased.

Juarez, Feb. 3.—The news from Washington that President Wilson has decided to lift the embargo against the importation of arms to Mexico caused keen joy among the rebel leaders.

General Villa said his army now would no longer be handicapped by the difficulty of getting ammunition. It is likely that money in the rebel treasury will be appropriated at once for the purchase of arms

ASK LEGAL REMEDY FOR PRESENT CONDITIONS

PLANS FORMULATED BY UNEMPLOYED TO PETITION CONGRESS

Petition Asking Legal Remedy for Industrial Conditions Will be Taken to Washington by a Large Committee—Bearers Will Not March Across the Country.

CHICAGO, Feb. 3.—Plans were formulated today at a largely attended meeting of the International Brotherhood Welfare association to concentrate all the unemployed men and women in the United States in a movement to take to Washington a petition to congress that legal remedy for the industrial conditions of unorganized labor be enacted.

While Jacob S. Coxey, leader of the "On-To-Washington" army of 1894, was present at the meeting, it was announced that present plans did not call for a march of unemployed men on the national capital.

A call was drawn up to be sent to all cities in the country asking that all unemployed men and women organized parades on April 1st, and march through the city in which they live.

After the parades the marchers are to meet and select delegates to a national convention to be held in Chicago April 15th. These delegates will take to the convention statistics as to the number of unemployed, their conditions and information as to whether there is an abnormal situation at present. The convention will continue the program furnished by the delegates.

A petition will be taken to Washington by May 1st, it is planned by a large committee. The bearers of the petition intend to go to the capital by train instead of marching across the country as Coxey's army did.

PUBLIC UTILITIES COMMISSION HEARS PROTEST OF FARMERS

Grain Dealers and Farmers Protest Against Proposed Advance in Grain Rates.

Springfield, Feb. 3.—The public utilities commission today heard the protest of farmers and grain dealers of Illinois against the proposed advance of one cent per 100 pounds in grain rates by the railroads.

A. D. Stevens, attorney for the grain men and farmers, declared that the organizations he represented would not be satisfied until some sort of physical valuation was made of Illinois railroad property on which equitable grain rates might be established. William Bach of Bloomington, also retained by the grain men, stated that the farmers would not oppose the increase if the railroads could show that the raise was necessary to give them a fair return.

"What we do oppose," said Mr. Bach, "is the increase in rate on grain when other commodities are allowed to go without additional tax."

W. S. Horton, counsel for the railroads, stated that the railroads were merely acting under the permission of the interstate commerce commission.

MME. SCHUMANN-HEINK WILL HAVE TO FIGHT FOR DIVORCE

Singer Charges Husband With Desertion But May Tell a "Surprising Story."

Chicago, Feb. 3.—Mme. Ernestine Schumann-Heink, the grand old singer, will have to fight to obtain divorce from her husband, William Rapp, of this city and New York, it was made known here today by Rapp's counsel, Lee J. Frank. The suit was filed here several months ago, the singer alleging desertion.

"Mr. Rapp will not allow the suit to go by default," said Frank. "When the time comes he will appear and tell a surprising story."

Mme. Schumann-Heink's allegation that Rapp deserted her two years ago will be challenged, according to Frank.

The singer and Rapp, a lawyer and son of the late publisher of the Chicago Staats-Zeitung were married nine years ago.

Mme. Schumann-Heink had eight children by two former marriages.

and ammunition and large orders will be placed in the United States. "Once more we have proof that that United States is the greatest friend the Mexican people have," said General Villa.

"This latest act of friendship will do more than anything else to bind the two countries together and I predict that when the revolution is ended which it soon will be, Mexico and the United States will be more closely allied than they ever were before."

To Send No Successor.

Washington, Feb. 3.—Great Britain will send no new minister to Mexico to succeed Sir Lionel Carden, for some time at least, according to authoritative advices reaching here today.

Thomas B. Hohler, who is enroute to Mexico City to become chargé d'affaires of the British legation, still holds the status of first secretary of the legation, a position from which he went to the British foreign office on leave of absence. The transfer involves in no way any presentation of credentials to the Huertan government.

ASIATIC EXCLUSION AGITATION CALMED BY REPUBLICAN LEADER

House Strips Immigration Bill of Amendments Bar- ring Asiatic Immigration

VOTE AGAINST-SUFFRAGE

Caucus of House Democrats Oppose Creation of House Com- mittee on Woman Suffrage

OTHER WASHINGTON NEWS

WASHINGTON, Feb. 3.—Asiatic exclusion was quieted temporarily at least in the house today after a heated debate that brought both Republican and Democratic leaders to the floor with pleas for calmness and deliberation. By overwhelming votes the house stripped from the immigration bill under consideration all amendments which have placed a bar against Asiatic immigration.

The action was taken after Representative Shirley of Kentucky and other leaders had made a vigorous fight to overcome the sentiment which last night expressed itself in favor of the perfection of an amendment to exclude Mongolians, Malays and negroes. The speakers insisted that there should be no hasty action that might embarrass the state department in its relations with the Japanese government.

The house was surcharged with excitement when it met and Representative Burnett in charge of the immigration bill, forced the attendance of a quorum. The anti-Japanese forces rushed action. Representative Baker of California presenting a substitute for a pending drastic exclusion amendment presented by Representative Hayes. The debate became heated and involved the Californians differing as to details but both manifesting certainty that the amendment would be accepted in some form.

The house was in confusion, with half a dozen members vociferously demanding an opportunity to be heard, when the tide was turned by Republican Leader Mann, who strode to the center of the chamber and quieting the tumult, began in a grave low voice:

"I have been long enough in this house, I hope to place the country above party. I do not believe any of these amendments should be adopted at this time. Dealing with our foreign affairs is a matter of delicacy at best. While I do not have the greatest pride in the present state department I feel that in conducting our relations with foreign countries, I am bound to rely in the first instance at least, upon the state department. If they can not eradicate the difficulties of the situation through diplomatic negotiations it is time enough then for congress to act by specific legislation."

"I am not prepared to invite war with Japan or any other country though if it should come I would not shrink from it."

The debate continued but when votes were forced the amendments were deliberately defeated.

Consideration of the bill was continued throughout the day but no amendments of material importance were written into the measure. It was agreed to allow the immigration bill right of way tomorrow when it will be passed.

May Reach Vote Today.

Prolonged debate over the right of Frank P. Glass to a seat in the senate upon his appointment from the governor of Alabama developed in the senate today when the elections committee's resolutions committee against accepting his credentials was taken up. A vote probably will be reached tomorrow.

Oppose Suffrage Committee.

House Democrats at a caucus tonight went on record against the creation of a house committee on woman suffrage. By a vote of 123 to 37 the caucus adopted a resolution declaring this a state question and rejecting the Raker resolution to create the committee.

Of the 290 house Democrats a few more than 180 attended the caucus, some voting "present" or not responding at all. Speaker Clark and Democratic Leader Underwood voted with the majority.

It was a lively session. Representative Raker declared that the magnitude of the question demanded the action and pointed out that the senate had such a committee. Then Representative Heflin of Alabama, target of attack for many months from the suffragists because of his opposition to their cause, offered and urged his substitute declaring:

"It is the sense of this caucus that the question of suffrage is a state and not a federal question. Representative Clark of Florida moved the previous question, shutting out debate and the substitute was adopted."

STAGG HAS MANY CHANGES TO SUGGEST

VETERAN CHICAGO COACH WANTS CHANGE IN FOOTBALL RULES

Leaves for New York to Attend Meeting of National Rules Committee—Advocates Numbering of Players—Other News of the Sporting World.

Chicago, Feb. 3.—Twenty two suggestions for changes in football rules will be made by A. A. Stagg, director of athletics at the University of Chicago who left tonight for New York to attend the meeting of the national rules committee on Friday.

Seven of these proposed changes have to do with the forward pass, three with penalties, four with the duties of officials, three on the scoring of points and five on miscellaneous clauses.

As the west's superiority in the development and execution of the forward pass is generally recognized by critics and Mr. Stagg coached the eleven which won the western collegiate championship, it is believed his recommendations will receive serious consideration. The Chicago coach is of the opinion that the penalty for an uncompleted forward pass should be 10 yards. He will recommend that the international throwing of the ball on the ground be regarded a fumble. Stagg observed last season that often a player was unable to make a forward pass because men who were to receive the ball were covered and the player intentionally threw the ball on the ground. This action caused the ball to be returned to the place it was put in play and a loss of several yards was avoided.

He thinks a forward pass which goes out of bounds on the fourth down should be given to the opposing side where the ball is put into play.

All players should be numbered, Mr. Stagg says.

Other recommendations are: The rule penalizing for crawling should be dropped.

The rule regarding the roughing of the fullback should be more clearly defined or the penalty lightened.

The value of touchdowns and field goals should be lessened. The center should be forbidden to hide the ball by holding it.

The last recommendation is the outcome of a play in the Chicago-Iowa game. The Iowa center held the ball between his legs and later passed it to a half back who scored on the trick.

Mr. Stagg recently invited football coaches and critics in the middle-west to send ideas for improvement of the rules and he has incorporated their suggestions in his recommendations.

Boston, Feb. 3.—Jack Leary who was with the Troy, New York State League club last season, signed a contract today with the St. Louis Americans.

Boston, Feb. 3.—After considering several offers from Federal League teams, Walter P. Rehg, an outfielder, formerly with the Pittsburgh Nationals sent his contract to the Boston Americans tonight. Rehg was obtained by purchase from the St. Paul club of the American association. Richard Lewis, formerly a star catcher at the Phillips-Exeter college signed a contract with the Boston Nationals today.

New York, Feb. 3.—Leonard L. (King) Cole, who recently jumped three-year contract with the Chicago Federal League club, has jumped back to the New York Americans. Cole signed a one year contract with the Yankees here today for \$3,300, the figure named by Cole to President Farrell on Dec. 23rd, which Farrell duly accepted. The salary is the same as the one stipulated in the Chicago Federal League contract which Cole signed in Chicago on Dec. 30th. The acceptance of Cole's terms constitutes a legal contract under baseball law, according to Farrell.

Cole declared he would not take a chance on sending back through the mails the advance money he received from the Federals—said to be \$500, but would forward a check for the amount to his attorney in Chicago with instructions to turn it over to the club officials there.

The local American League club will take no chance of Cole jumping back to the Federals and he will be kept here until Feb. 12th, when he will report in Hot Springs with the Yankee battery men.

An intimation that if Leonard Cole goes back to the New York Americans the Federal League may change its custom of respecting major league contracts was made tonight by Charles Weegman, president of the Chicago Federals.

"If the major leagues are going to continue such tactics we can easily retaliate," he said discussing Cole's action.

"The country is full of big league players who would welcome a chance to jump were they not under contract. Up to this time we have refrained from tampering with men under contract but if the organized forces wish us to change our course, we can readily do so. We could turn organized baseball inside out in a few days."

Weegman will take court action to prevent Cole's playing with the Americans if only for the purpose of keeping Cole from playing ball it was said.

ANTONIO NUNES IS BADLY WOUNDED BY SHOTGUN IN HANDS OF RELATIVE

ELDER NUNES IN PASSAVANT HOSPITAL AS RESULT OF DOMESTIC STRIFE

Twenty-Year-Old Son Frank Is Said to Have Fired Shot Which May Prove Fatal to Father—Shot Fired from Behind, Strikes Nunes on Left Side of Head, Tearing Away Part of Ear and Baring the Jugular Vein—Sheriff Rogers Goes to Scene of Shooting.

Antonio Nunes, who resides four miles north of the city in a critical condition at Passavant hospital as the result of a gun shot wound, in the neck, said to have been inflicted by his son Frank Nunes. The shooting occurred about 9 o'clock last night at the Nunes home, following a day of much trouble in the household, which, it is said, was attributed to the drinking of the father. Sheriff Rogers was notified of the shooting and went out last night to bring the son to the county jail, but on arriving members of the family said they did not know who did the shooting.

Had Trouble All Day.

According to the story told by one of the sons, the father had been drinking all day and had been making himself obnoxious to his family. He was at first in the house and then out, seeing what he could do to stir up something. His conduct became so unruly, that his son Charles, who, with his wife had been to his father's house all day, came to Jacksonville to get the sheriff or his deputies to come out and bring the elder Nunes to the city for fear he would do some violence. When Charles returned to his home, which is about a mile from the old homestead, he noticed his father coming across the field, and thinking that he had some evil purpose he hid from him. After going about the premises a little while the father returned home. He asked where Mrs. Charles Nunes was and his folks informed him that she was up stairs. The father asked if Charles was up there and he was given a negative answer.

Story of Shooting.

About this time the son, Frank, took a hand in the proceedings, so it is said and informed his father that Charles was not up stairs and there was no use going up to see. This enraged the father it is said, and he went to a room where he had a trunk and proceeded to get from it a shot gun and some shells, saying "That he would clean out the whole bunch." According to one version of the affair, the son seeing what was going to happen, ran up stairs, got his shot gun, came down to the head of the stairs and shot at his father who was in an adjoining room, some fifteen or eighteen feet away. The shot was a glancing one and struck Mr. Nunes in the back of the neck on the right side, tearing a big hole in the back of his neck and below the ear, tearing away the flesh close to the jugular vein, and lower part of the ear. From the wound it appears that the senior Nunes was shot from behind.

Following close on the shooting several of the neighbors were notified and went over to the Nunes residence, the family in the meantime had notified Dr. J. U. Day of this city. Upon his arrival it was found that it would be necessary to bring the injured man to the hospital. A spring wagon was secured and he was brought in by Claude Servoss and Earl Cox, who arrived here at 1:45 a. m. Mr. Nunes had suffered a great deal from the loss of blood, but was able of himself, with little assistance to crawl from the wagon onto a cot at the hospital. Dr. W. P. Duncan was called in and the wounds were dressed by him and Dr. J. U. Day.

Swore Out Warrant.

It was about 4 o'clock in the afternoon when the son Charles came to Jacksonville, swore out a warrant before Squire Dyer for the arrest of his father. He also notified Sheriff Rogers that Mr. Nunes intended to come to Jacksonville last night to attend a meeting of the Modern Woodman. Accordingly Sheriff Rogers dispatched Deputy B. C. Andrews to the vicinity of the Modern Woodman hall to be in readiness to arrest him should he appear. After waiting until about 9 o'clock Andrews made his way to Ogle's barn on North Main street and stayed about there for some time, thinking that Nunes might be there.

Officers go to Home.

After the shooting the sheriff was notified and he and Deputy Andrews went to the Nunes home, arriving there about 12 o'clock last night. When questioned as to who did the shooting the family, according to the sheriff's story, said that they did not know.

"But I was notified to come out here and get a man who shot someone," said the officer.

"Well, we don't know who did the shooting and there is no one to arrest here."

After talking the matter over several minutes the officers saw that it was no use to further argue the question, so came back to the city, arriving here at 2:30 o'clock. The roads are in a bad condition and it was a dark, cold ride that the sheriff and his deputy had to the Nunes home, in answer to the call from members of the family.

Son Speaks of Accident.

Antonio Nunes, Jr., was among those who came with his father to the hospital. He stated last night that his father had been drinking during the day and he particularly had it in for his sons Charles and Frank. He said that Charles had gone to a neighbor's, Charles Lewis, about two miles south and that two or three times, his father had gone up and down the road seeing if he could locate the son.

"What would your father have done if he had gotten the gun loaded?" was asked the son.

"Oh, I expect he would have killed some of us," was the reply.

"Did members of the family try to take the gun away from him?" was asked.

"No, everyone was afraid of him, and even Frank was afraid his father was especially after him. That's the reason he ran up stairs and got his gun."

"Father seemed determined to take his vengeance out on somebody, when he returned home the last time and inquired if Charles was about the house," the son continued. "Charles was afraid of him, and that is the reason he kept out of his way."

Mr. Nunes is about 52 years of age and his son Frank is 20. There had been no particular quarrel previously between the father and son and it seems that the trouble all arose yesterday.

There has been sickness in the family for several days, the son Norman having had the services of a doctor Tuesday morning. After the shooting several of the neighbors called in and gave what assistance they could to the family.

Inquiry at the hospital late this morning was to the effect that Mr. Nunes was resting easily, although quite weak from the loss of a great deal of blood.

"GHOST" FAILS TO GET CONFESSION FROM MAN ACCUSED OF MURDER

John H. Grondin, Held for Wife's Death, Tells of Climax of "Third Degree."

Los Angeles, Feb. 3.—John H. Grondin, formerly a chemist, accused of wife murder and who says a "ghost" was brought before him as a climax to the "third degree" appeared for preliminary hearing today in police court, his counsel announcing that the examination would last two days. Dr. Hayman Stooker, a pathologist, testified for the state that he had found poison in Mrs. Grondin's body. Grondin was arrested two weeks ago. His wife was found dead in October with a gas tube in her mouth. A "suicide note" purported to have been signed by her is said by handwriting experts to be a forgery. Grondin after a few days in jail said detectives had taken him at midnight to the room where his wife died and that a woman in a white robe treated with phosphorescent varnish was paraded before him, the police doing this, he said, with hope of obtaining a confession.

"The Chesterfield"

The choice of 20,000 Retail Jewelers

The first requisite of a watch is, of course, its time-keeping qualities. Next its appearance.

Some people put appearance first. But seldom do such watches give satisfactory service. In the Chesterfield you get a gratifying assurance of both appearance and service. For the Chesterfield is truly a gentleman's watch in its smart, thin-model style, and as a time-keeper its accuracy cannot be surpassed by any watch made.

We recommend it unqualifiedly both for looks and accuracy. Prices range from \$125 down. We suggest you see it.

SCHRAM'S

CHAMBER OF COMMERCE IN ANNUAL SESSION

G. B. ANDRE CHOSEN PRESIDENT FOR THE COMING YEAR.

Eight New Directors are Selected—Reports Presented by Secretary Fritchey and From Various Departments Indicate Year of Activity—Business Program Followed by Oyster Supper.

The annual meeting of the Jacksonville Chamber of Commerce was held Tuesday night at Odd Fellows hall in the Ayers Block on West State street. There was a goodly attendance of members and marked enthusiasm for the organization and its work. The election of officers and directors resulted in the choice of G. B. Andre for president; directors, H. J. Rodgers, F. J. Andrews, J. J. Reeve, Frank Byrns, F. H. Bode, Dr. Edward Bowe, F. J. Heifl and Andrew Russell.

Following the business session when reports of officers were read an informal program of speeches was carried out. President Andrews serving as toastmaster. The speakers were E. E. Crabtree, Thomas Worthington, W. B. Miser, Bernard Gause, W. J. Brady who appeared instead of Dr. G. H. Kopperl and Frank Byrns. Mr. Byrns presented to the association a nicely framed picture of President Andrews which is to be placed in the office of the Chamber of Commerce. U. G. Woodman gave a very interesting part of the program furnishing a few minutes of legend which would have done credit to the "Great Raymond."

Arrangement Committees.

The committees which made the arrangements for the occasion and so successfully included reception, Bascom Lair, Harrison King, Dr. Gregory, S. S. Knoles, J. F. Claus, W. C. Bradish, H. K. Chenoweth, Walter Bellatti, L. P. Alcott, Ernest Grassly, program, Dr. R. Buckthorpe, George Vasconcellos, F. H. Bode, J. P. Lippincott, E. A. Hearn, Luncheon, Marcy Osborne, J. I. Graham, W. T. Brown, Harry Obermeyer, Peter Bonansinga; hall and decorations, J. K. Long, chairman, James McGinnis, G. A. Faust, Oran H. Cook, W. L. Armstrong.

During the business session reports were presented from the following departments, rural affairs, retail merchants, public affairs, and promotion. The principal interest centered in the reports made by Secretary Fritchey from which only a few facts can be given here. The receipts from dues for 1913 were \$2,775.98. Sales on which railroad rebates were paid during the year amounted to \$13,454.52. The rebates totaling \$456.78. The total receipts for the year including the Chautauqua and all other enterprises were \$10,365.34.

Review of Year.

We are living in a critical age, one in which politics, religion and business must stand the scrutiny of the 20th century thinkers. Unjust criticism has wedged itself too firmly into our moral fiber and has proven sometimes the destroyer of wholesome and conscientious effort. The Chamber of Commerce of Jacksonville during the past twelve months has been the wholesome and conscientious effort in this instance, and although surrounded by obstacles, it has been strengthened by the just criticisms of those who desired to see us better serve this community. As the salaried employee of the business interests, the secretary is prepared this evening to account for the duties, so in me vested, and frankly tell you of the many things of which we should feel proud.

In a city the size of Jacksonville, with many natural advantages but laboriously suffering from conservatism I have failed to read or hear of any greater activity manifested by a commercial organization in this or neighboring states. We can look back over a history of twenty six years, since the inception of the principle to organize our commercial interests and know that we have been useful during that time. Merely boasting of our successes and admitting our failures would be a mistake. This report, to be representative, will immediately become quite extensive. What it has for its purpose, is, educating all those who ask the question, "What did you ever do?"

Membership.

Membership is the fundamental asset to a commercial organization, and one which will be later discussed by Dr. Kopperl. Our active membership during the past year, has held up remarkably well, considering financial conditions in Morgan county, and the number of irresponsible individuals that were influenced into signing up during our campaign with not having the slightest intention of paying their dues. Up to January first of this year, there have been 360 persons who have been members of our association for a short time, or who have continued as members during the entire year. Of this number there have been 265 members who have paid up their dues in full and 22 delinquent members that have signified their willingness to pay. Eighteen members signed up, never paid one cent, others have moved and passed away. A membership over 250 is splendid of a city the size of Jacksonville and it is hoped it will be kept above this mark.

Building Up Trade.

The building up of trade and advertising the reputation of our business houses for merchandising in West Central Illinois has been and should continue to be one of the most important activities of our retail merchants' department. Jacksonville is the logical trading and distributing center for a great agricultural territory. We have failed in the past to seize our opportunities yet by strenuous efforts through the means of our refunding railroad sys-

tem, our parcel checking system, our bargain, fashion and spring opening weeks, we have succeeded to direct more trade through the channels of business in this city and not permitting it to go elsewhere. A record is being compiled of the number of persons coming in on the trains this week and it should convince the most skeptical and near sighted business man that your organization is putting money into the pockets of every retailer.

Looking Forward.

I come to you tonight with a clear conscience, that in the past twelve months I have given you the best of my knowledge and physical energy, I feel that as your steward there is still a possibility of greater service and with an aggressive president and board of directors to counsel with and that continued courtesy extended to the organization by the local press we will further ascend the ladder of opportunity.

Members, friends and co-workers of Jacksonville's Chamber of Commerce, I wish to thank you in behalf of your officers for the splendid support, one and all have given us and may you be the means for greater successes during the year 1914.

The following changes were made in the by-laws of the organization:

Article IV—Membership.

The following changes were proposed and made for Article IV on membership:

1. Section 1 and Section 2 shall remain unchanged except Section 2 shall become Section 5 of Article IV as amended.

2. The new sections proposed as amendments shall read as follows: Section 2. The membership of the organization shall consist of active and associate classes of members.

Section 3. The active membership fees are \$12.00 per annum which entitles the holder to all the privileges of the organization.

Section 4. The associate membership fee is \$6.00 per annum which entitles the holder to all the privileges except of voting for officers and directors and the holding of office. Only those persons not actively engaged in business or professions in Jacksonville can hold associate memberships.

Article X—Finances. The following changes were proposed and made for Article X on finances:

2. The word "active" shall be substituted before the word "member" in Section 1, making the section as amended read:

Section 1. Each active member of this organization shall pay to the treasurer as annual fees, the sum of \$12.00 payable in semi-annual installments of six (\$6.00) each in advance.

Section 2. Shall become Section 4 and Section 3 shall become Section 6 of Article X in the by-laws as amended.

The new sections as proposed as amendments shall read as follows: Section 5. The finance committee shall be empowered to pay all fixed expenses, and all incidental expenses not exceeding \$25 per item providing that it has been approved by the chairman of the committee contracting same. All claims exceeding \$25.00 having been approved by the chairman of the committee contracting same will approved by the finance committee and finally be referred to the board of directors for their approval.

A. F. Franks and G. E. Doying were the tellers appointed to count the ballots.

The following resolutions were presented by J. J. Reeve and adopted by a rising vote.

Since the last annual meeting of the Chamber of Commerce, death has claimed three of our members: Charles A. Barnes, James T. King and John W. Harney. These men were active members of the Chamber of Commerce and ever had the best interests of the city at heart and were ready to do their respective parts in the upbuilding and carrying forward any movement for the betterment of the business and moral conditions of our city and its citizenship.

We can ill afford to lose such men from our roster. The report of their lives should be of us an inspiration to higher and more efficient service for the community in which we live, as well as an admonition that "In the midst of life we are in death." THEREFORE BE IT

RESOLVED by the Chamber of Commerce of Jacksonville, Illinois, that in the death of members Charles A. Barnes, James T. King and John W. Harney (this organization has lost three worthy, efficient and active members; that we keenly feel this loss, but meekly bow to the will of an All Wise Providence. Fully realizing that the loss to the families or our deceased members is so much greater and more keenly felt, we extend to them our sincere sympathy. BE IT FURTHER

RESOLVED, that a copy of these resolutions be engrossed at large upon the records of this organization and a copy thereof sent to the members of the bereaved families. John J. Reeve, G. E. Doying, J. W. Walton, Committee.

FURNISHED EXCELLENT MUSIC. A quartet Messrs. Geo. Vasconcellos, Julian Hall, Carl Peckham and Harry Obermeyer sang several numbers last night at the Chamber of Commerce annual meeting and added materially to the pleasure of the occasion. Mrs. Ralph Hutchison acted acceptably as accompanist.

HIGH SCHOOL ANNUAL.

Already the senior class of the high school are laying plans for their Annual, which will appear commencement week. It is the intention to put out a 150 page volume and make it one of the best yet published by the school. It will have a leather cover and will abound in good reading material, amply illustrated. Eugene Sutherland will be Editor in Chief, and the Associate Editors will be Robert Nesbit, Bess Pratt, Grace Potter, Merl Reynolds and Leonard I. Wood.

DIED FROM INJURIES IN AUTOMOBILE ACCIDENT

Telegram From Helena, Ark., Tells of Death of W. D. Reeves—Deceased Was Wealthy Southern Lumberman and Well Known Here

Miller Weir yesterday afternoon received news of the death of his nephew W. D. Reeves of Helena, Ark., who was crushed underneath his own car in an automobile accident. Mr. Reeves was one of the leading merchants of the south and one of the wealthiest men of his section of the country. Both he and his wife have often visited in Jacksonville and have many friends here who will regret to know of his untimely death. Mr. Reeves had a summer home at Wequetonsing and was quite well known to the Jacksonville colony there.

MR. HAIRGROVE WITHDRAWS.

Jacksonville, Ill., Feb. 3, 1914. On account of business engagements, I find it impossible to give any time to taking care of the affairs incident to my making the campaign for Circuit Judge so find it necessary to withdraw from the race. I wish to thank my many friends for the interest they have shown in my political welfare and in their kindness to me. Because I am withdrawing at this time, it does not follow that I do not wish to be Circuit Judge. I do, and if circumstances permit, I hope to be the representative of the Democratic party for that honor, at some later election. I quit at this time only because it is impossible for me to do justice to myself by making a proper canvass of the circuit. I hope that my friends will still continue to take an active interest in the judicial election and make sure the continuation of a Democratic administration of the office and continue the high standard of merit which has so long been maintained in this circuit.

EARL AUSTIN PASSES AWAY IN BLOOMINGTON HOSPITAL TUESDAY

Had Been Ill Only Since Last Friday Evening—Remains Will Be Brought Here Today.

News of the death of J. Earl Austin, which occurred in Bloomington Tuesday afternoon at 5 o'clock, caused a shock among his wide circle of friends in this city. Last Friday evening he was taken ill and Saturday underwent an operation at Kello's Sanitarium in Bloomington, for appendicitis. Monday word was received here that his condition was serious and his brother, Edgar, went to Bloomington, early Tuesday morning. Early Tuesday afternoon a message was received that he was worse and the final word came shortly after he had passed away.

John Earl Austin, a son of Mr. and Mrs. E. I. Austin, was born January 3, 1892. He received his education in the public schools and at sixteen years of age entered the employ of the Western Union Telegraph company as a messenger boy. He also worked in the same capacity for the Postal and at the age of eighteen entered the employ of A. J. Jones & Co., as a telegraph operator. For some time he held a position as operator in the Western Union office in Springfield and some months ago took a position with the E. B. Conover Grain Company in Bloomington. He was a first class telegraph operator and had the promise of a very successful career in his chosen work.

Possessed of an optimistic, jovial disposition he was a young man who made many fast friendships, and more than that kept them as a sort of sacred trust. In his work he was most ambitious and was never satisfied unless he gave the best he had. At home he was always ready and willing to do anything for the comfort and happiness of his relatives. His going will sadden the hearts of many, both in this, his home city, and in Springfield and Bloomington as well. His survivors will have the sympathy of a wide circle of friends.

The deceased is survived by his parents, Mr. and Mrs. E. I. Austin of 812 Railroad street, and one brother, Edgar Austin of this city. He was a member of Camp No. 912, M. W. A.

The remains will arrive in this city this morning at 10:40 o'clock via the Chicago & Alton. Arrangements for the funeral will be announced later.

GASOLINE GAVE OUT.

A gentleman of the northwestern part of the county thought he would use his automobile Monday even if the roads were not exactly dusty. He had a machine able to do well and as he was priding himself on the capacity of his auto it stalled on a hill and he had to be hauled in, but when he discovered it was his own fault, that the gasoline was low and the tank being inclined backward going up hill so the gasoline would not find he felt like investing in a first class klicking machine for his own use.

ATTENDANCE GOOD AT SECOND ENTERTAINMENT AT LIBRARY

Four Interesting Volumes Reviewed at Second Number of Literary Series—"An Evening With Fascinating Books."

The audience room of the public library was well filled Tuesday evening when Miss Grace Cowgill, Miss Anne W. Jackson, Mrs. A. L. Adams and Miss Marie Scott gave, each, a brief and pithy resume of a favorite volume as her contribution to the second number of the winter series of literary entertainments at the library. The works which were taken as the subject of this "Evening with Fascinating Books" were Fodor Dostoevsky's "Crime and Punishment," Samuel Richardson's "Clarissa Harlowe," Olive Schreiner's "Woman and Labor" and William Makepeace Thackeray's "Henry Esmond."

"For the deepest essence of tragedy or the evocation of the profoundest feelings of pity and terror which can purge the reader's heart—there is, I believe, no work of literary fiction that can take its place by the side of Dostoevsky's 'Crime and Punishment,'" said a well known literary critic in an appreciation of the book reviewed last evening by Miss Cowgill. With complete understanding and consummate art, Raskolnikov, the hero, is taken by the author through the valley of temptation, the remorse which follows a revolting crime, the long season of despair and the fight with a past which will not down, concluding with the final story of the "gradual renewing of a man."

"In the year of our Lord 1914 when the world is flooded with new fiction and each month brings a fresh supply of good, bad and indifferent, it is a little difficult for us to realize the delight, the excitement, the rapturous enthusiasm which greeted the first novel of Samuel Richardson in 1740," said Miss Anne Wakely Jackson in beginning her review of "Clarissa Harlowe," the masterpiece of this father of English fiction.

"Clarissa Harlowe is the story of a young lady, who, to avoid a matrimonial union to which her heart would not consent, casts herself upon the protection of a lover, who scandalously abuses the confidence she has reposed in him," continues Miss Jackson. "She rejects the reparation of marriage which is at length tendered her and retires to a solitary abode where she expires with grief and shame."

In "Woman and Labor," reviewed by Mrs. A. L. Adams, Olive Schreiner pays a high tribute to the working woman, reminding her readers that the race can rise no higher than its mothers and that a generation of parasitic women invariably leads to racial decline. She defends the working woman against the attacks of the critical man who troubles himself not over the toils of the scrubwoman or drudge but cavils mightily at the woman of culture and education who enters professional life or seeks the rewards of politics or art.

Miss Marie Scott of the department of expression at the high school took as her book Thackeray's "Henry Esmond," a volume which she loves for its truthness to life, its description of the attractive age of Queen Anne, its able portrayal of historic characters and its versatility in etching forth the many sided drama of human life.

Your House in Order

At this season of the year most men take an account of their affairs for the old year and lay plans for the new. They try to put their houses in order.

Is your house in order?

Have you made proper provision by will for the protection of your family and the distribution of your estate in case of your passing? No other knows as well as you what should be done.

If you have not made your will or if your will should be changed, consult your attorney or this company. Then name this company executor and trustee. It offers the best facilities, absolute safety, wide experience and accessibility all the time. An individual executor may die, become incapacitated, move, travel or resign and then some one must be appointed in his stead.

Trust Company service is unfailing. It is here today and here many years hence.

The Farmers State Bank & Trust Company

is well equipped to handle your estate.

Be your estate large or small, we cordially invite you to confer with our trust officers about it. They may be able to make some helpful suggestion. No charge for consultation.

BURLINGTON FREIGHT PILES SIX CARS ON TRACK SOUTH OF CITY

Six Freight Cars Are Piled On the Tracks Just North of Morton Road.

Tuesday at mid-night the Burlington north bound freight No. 58, in charge of Conductor Cassell and Engineer Kessinger, piled up six coal cars on the tracks just north of the Morton road. The train was moving up, preparatory to setting out a car in the local yards, when the accident happened and was running at about fifteen miles per hour. The accident was caused by a broken wheel on a car about eight car lengths behind the engine. The wrecker from Beardstown was called and it is expected that it will take twelve hours work to clear the tracks.

THINKS NEWSPAPER REPORTS TOO FAVORABLE TO HENRY

Communication Received from Reader Who Says Journal Takes Side of John Henry—Case Not Likely to Occasion Special Grand Jury Inquiry.

The Journal has received a communication signed "A Journal Subscriber" in which the writer maintains that this paper in reporting the Henry tragedy has sought to protect the man guilty of the crimes. The writer says:

To the Editor Jacksonville Daily Journal,
 Dear Sir:
 Will you please state through your paper to the people of Morgan county why the Journal takes the side of the Woodson murderer and in every issue of your paper since the murder have upheld him in what he did? Is it because of money?

The insanity pleas of men of wealth after committing some crime is getting too common. There are two sides to every question and those dead men and their families are entitled to a square deal. You say the sympathy of the people is with the murderer. Why? How do you know? Just because some friend of his tells you. If officers had been vigilant the murderer never would have stayed hid in the vicinity of Woodson for three days and then come home crazy with his defense all fixed up or the coroner's jury men loose five days until the verdict was all arranged before the evidence was taken. Please look into this a little and tell the people of the county your reasons for taking sides.

The Journal in reports of the tragedy has sought simply to give the facts at hand and has had no other desire than tell the truth. The careful reader must have found that the account of John Henry's wanderings after the crime was given not as the Journal's story of the affair but as John Henry's story. The statement has been made several times that public sympathy in the Woodson neighborhood seemed to be with the man simply because an unprejudiced observer finds that to be the situation. The Journal does not wish to assist in moulding public sentiment for or against John Henry. The law provides means by which his guilt or innocence can be proven and the law will take its course. Under ordinary circumstances newspapers pay no attention to unsigned communications but an exception is made in this case.

No Special Development.

There were no special developments in the Henry case yesterday. The demeanor of the prisoner has not changed and he still declines to talk about the case. Just what action will be taken by his attorneys now is uncertain but it seems likely that specialists will examine the man and give opinion as to his state of mind. It is possible too that his general health will be a subject for inquiry.

Unless a special grand jury is summoned which is not at all likely his case will be considered at the May term. Usually continuances are asked in criminal cases in order to let public feeling quiet down but unless there is a change of sentiment there will be no continuance asked in this case.

Whether or not the court will be asked to admit the prisoner to bail is a question which thus far has not been considered. As the plea to be made by Henry will be temporary insanity it does not seem likely that an effort will be made to have him released from custody at any early date. There is no mention of the word murder in the coroner's verdict and the matter would be wholly for the court to decide should any application be made.

Mrs. Henry and her youngest child were visitors at the jail Tuesday.

BOOZE FIGHTER SENTENCED TO ONE MONTH'S IDLENESS

CHICAGO, Feb. 3.—As long as Carl Larson was idle and lived at home on his wife's ample income, he was a sober and desirable husband, Mrs. Larson testified in court today. As soon as he got a job and earned some money for himself, he promptly got drunk, she said.

Municipal Judge Sabath sentenced Larson to refrain from working on probation for one month. Then he is to report to the court and if Mrs. Larson is satisfied, will be sentenced to a longer term of idleness.

STORY WAS UNTRUE.

Tuesday morning the Journal had a story to the effect that the engagement of Miss Hattie Jumper and Newton C. Wilson of the Sinclair neighborhood was announced at a party given Monday evening at the residence of Mr. and Mrs. Frank Hunter. The item was an error in that no such party was given. About 10:30 o'clock Monday evening a well dressed young man brought the account all ready written to the Journal office. It was received in good faith and no questions asked. The item, as is believed, was the work of some person who imagined he or she was playing a joke on the young man and woman. The story occasioned no little discomfort to the parties and the offender is deserving of the severest reproof.

JUSTICE COURTS.

James Ghosten, charged with assault with a deadly weapon and who has been a prisoner in the county jail on account of inability to give bond was released on bond Tuesday. He is charged with striking another prisoner in the jail named Diesen, with a cuspidor.

C. & A. PASSENGER DELAYED.—The Chicago & Alton passenger from St. Louis, due to arrive in this city at 9:30 p. m., was delayed two hours Tuesday night on account of two freight cars being derailed a short distance south of Woodhouse. The passenger arrived here at 11:30 o'clock.

LOS ANGELES POISONING CASE WILL INTEREST

John Grondin To Be Arraigned on Charge of Wife Murder.

Los Angeles, Cal., Feb. 3.—The Grondin case, one of the most baffling cases of alleged murder with which the police of Los Angeles have had to deal in a long time, was given its first airing in court today, when John H. Grondin was arraigned for a preliminary hearing on a charge of having murdered his wife by poison. The hearing was a necessary formality incidental to holding the accused husband to await the action of the grand jury. Meanwhile both sides are going forward with preparations for what promises to be one of the most sensational and hardest fought legal battles in the court records of this county.

Mrs. Grondin was found dead on Oct. 30 last and it is now learned that an investigation into the circumstances of her death was begun a few weeks later. But it was not until January 21 that the husband was taken into custody and a charge of wife murder laid against him. Both the accused and his alleged victim were natives of Waterville, Me., and lived in the state of Maine from the time of their marriage until about a year ago, when they removed to Los Angeles because of Mrs. Grondin's health. John H. Grondin attended school in Waterville and for some years was employed by a publishing firm in that city. Later he studied medicine and then attended an embalming school in New York. Mrs. Grondin, who was 21 years of age, was the daughter of George A. Davian, a druggist of Waterville. After the marriage the couple resided for some years in Lewistown, Me. Two children were born to them, both of whom are with the parents of the accused husband in Waterville.

When Mrs. Grondin was found, Grondin made public a note which, he said, had been written by his wife, and left as an explanation of her alleged suicide. It contained an admission of infidelity, and the hope that he would be happy with "the woman who truly loved him." The coroner's jury that investigated Mrs. Grondin's death accepted the note as genuine and reported that her death was due to "asphyxiation with suicidal intent."

When Mr. Davian, father of the dead woman, learned of the note he immediately began an investigation. About the same time there arrived from Maine a widow in whom Grondin was said to be interested. This led the authorities to reopen the case. Meanwhile Grondin was put under surveillance and was arrested when the district attorney announced that poison had been found in Mrs. Grondin's body, which was exhumed a week or ten days ago.

The day after Grondin's arrest his attorneys caused something of a sensation by declaring that the "third degree," with a "ghost" as the central figure, had been applied by the police in a futile attempt to obtain a confession from the accused husband. This the police denied and said they had not used the so-called "third degree" on Grondin.

Attorneys say that when the case comes to trial it will be a battle between handwriting experts who have examined the "suicide note" which Grondin declares his wife wrote. Of two handwriting experts who examined the note one declared positively that it had been written by Grondin, while the other was equally positive that it had been written by Mrs. Grondin. One of the experts represented the prosecution and the other the defense.

WHEN DAVID A. SMITH LIVED IN CARLINVILLE

Mrs. Belle Stevenson Head has sent a friend in this city a recent issue of the Carlinville Enquirer, in which the following references to the late David A. Smith, of Jacksonville, occurs.

Mr. Smith was a rich man of Alabama who became opposed to slavery, so he brought his slaves to this state, about 1836 and freed them. Mr. Smith died in July, 1865, and was buried from his residence, Grove and Park streets.

The Carlinville story written by a resident of that city in "First South street as I remember it was as follows:

"There was a brick house with four rooms standing on the ground where now Mr. E. C. Knott's house stands and this became our home in 1846. It was one of the older houses of the town, and was built not later than 1840. The two things that pleased the youngsters of the family most were a porch that ran the length of the house on the west, and two negro cabins, which stood about 20 feet south of the house. They were built of logs, with a wide fire place in each, were large and roomy and the finest place for an indoor romp, imaginable; there was room to play any sort of games—except baseball. With a sliding window in the south, looking out on a pretty garden, it was an inviting place for youngsters, and cooks. It was equalled as a summer kitchen. We used the west room. Now how did negro cabins get there, and for what purpose? It is not certainly known. But it is said that David A. Smith, a lawyer, well-known hereabouts, brought them from a southern state intending to free them and he did later. The cabins were built up for his negroes and they occupied them while Mr. Smith and his negroes departed—he to Jacksonville, but he left his cabins, which remained until 1854. And the porch, long and wide, open then at each end, it commanded a view of half the town. Shaded from the western sun by the numerous locust trees, it was always an inviting place to rest."

THE COST OF GAS

Companies interested in the manufacture of gas are calling attention to cost figures on the manufacture of gas recently made public in the reports of eastern state commissions. These extracts of reports are as follows: "In the annual report of the Massachusetts gas and electric commission, the total cost of manufacture and distribution of gas, less residuals, was as follows for a few companies: Boston, 48.9 cents; Lynn, 50.5 cents; Worcester, 54.5; New Bedford, 56.2 cents; Charlestown, 57.2; Cambridge, 56.7 cents; Springfield, 57.6 cents; Malden, 57.4 cents; up to Brockton with 81.5 cents and Fitchburg with 93 cents. In the report of the New York state commission we find the following total production expenses: Troy, 47.3 cents; Rochester, 48.3 cents; Syracuse, 55 cents; Utica, 61.5 cents; Elmira, 63.4 cents; Newburgh, 72.5 cents; Mt. Vernon, 75.7 cents; Kingston, 82.8 cents; Rome, 89.2 cents; Watertown, 105.7 cents; Albany, 123 cents; Corning, 156 cents, etc."

TRY WOMAN FOR KILLING HER HUSBAND.

New London, Mo., Feb. 3.—Preparations are being made for the trial here this month of Mrs. Mary England, who is under indictment on a charge of murdering her husband, Harry England. The case was brought here on a change of venue from Hannibal. It is said that the woman's plea will be self defense.

WOMEN WHO RODE NEIGHBOR ON RAIL ASSESSED FINE OF \$100

Five Women are Given Three Days in Which to Raise Money—May Go to Jail.

Saukagean, Ill., Feb. 3.—Five women of Volo, Ill., accused of driving their neighbor, Mrs. John Richardson out of the village by riding her on a rail, today were fined \$100 each by Judge Chas. Donnelly. None of the women was able to pay her fine in court. They were given three days each to raise the money, during which time Judge Donnelly will consider the advisability of inflicting a jail sentence if the money is not forthcoming.

The women fined were, Mrs. A. J. Raymond, Mrs. Emma Stadfeldt, Mrs. Anne Stadfeldt, Mrs. Alma Walton and Mrs. Chris Sable.

Mrs. Emma Stadfeldt, wife of the village blacksmith and known as Captain Emma, was accused of being the leader of the woman's raiding party. She wept bitterly in court when the fine was imposed.

Mrs. Richardson is the wife of a crippled village store-keeper. She had been the subject of village gossip which the name of her brother-in-law was involved. She was tried by a kitchen court of her neighbors six months ago and was apparently convicted. The women visited her home late one night ordered her from the village and according to the story placed her on a rail and rode her from her home.

The women were arrested charged with rioting. In imposing sentence Judge Donnelly censured the women severely. Their sex alone saved the defendants, he said, from the maximum penalty, \$300 fine and six months in jail.

WANT LOWER ELECTRIC RATES IN SPRINGFIELD.

Over in Springfield Mayor Schnepf seems to get a share in the glory of the victory won by Commissioner Spaulding and associates, when the voters recently declared in favor of buying a new generator for the city light plant. The election was looked upon as a struggle on the part of the Springfield Utility company to prevent the city light plant from being so enlarged that it might become a factor in commercial lighting.

Now Mayor Schnepf has come out with a declaration in favor of doing something to secure lower electric rates for Springfield and consumers and has introduced a resolution asking that the matter be taken before the State Utility Commission. Heretofore only the gas rate question had been referred and Mayor Schnepf says that there should be lower rates for both gas and electricity. The resolution referred to was as follows:

"Be it resolved by the city council of the city of Springfield that the legal department be and is hereby authorized and directed to institute proceedings before the State Public Utilities Commission for determination of just and reasonable rates to be charged for light, heat and power in said city."

President Wilson forwarded invitation to send delegates to the International Dairy Congress at Berne and the National Congress on occupational diseases at Vienna.

Vote on Burnett immigration bill postponed until Wednesday.

Adjourned at 6:10 to 11 a. m. Wednesday.

ROBIN FOR HIGH

COMMISSIONER.

Winnipeg, Man., Feb. 3.—Friends of Sir Rodmond P. Roblin, premier of Manitoba, believe that he will undoubtedly be named to succeed Lord Strathcona as high commissioner in London, providing a provincial premier is to be selected for the honor. Sir Rodmond is regarded as unusually well qualified for the post.

He is a man of wonderful energy and activity and has had years of experience in public affairs.

In his early career in public life Sir Rodmond was identified with the Liberal party, but, becoming dissatisfied, took the other side. In 1899 when the Greenway government was defeated he was given a place in Hugh Macdonald's cabinet, and succeeded to the leadership of the party when Mr. Macdonald retired the next year. He has now held the premiership continuously for nearly fourteen years. Since taking office he has had some hard problems to solve. He first took up the transportation problem and handled it in a manner to win popular approval. Again for years past he attracted the attention of all Canada by his fight for the extension of Manitoba's boundaries from which campaign he emerged victorious. Premier Roblin was a most determined opponent of reciprocity and delivered a series of speeches against it in the last federal campaign.

ANNOUNCEMENT.

I hereby announce my candidacy for the Democratic nomination for Circuit Judge at the primary election to be held March 24, 1914.

SOCIAL SEASON IN DUBLIN.

Dublin, Feb. 3.—The official social season in the Irish capital was opened today with a levee held by Lord Aberdeen at Dublin Castle. The park in front of the castle was thronged with people to watch the arrivals. Tomorrow night Lord and Lady Aberdeen will hold the first drawing room of the season.

CHICAGO WOMEN HAVE FIRST OPPORTUNITY TO REGISTER

Woman Suffrage Enthusiasts Assert That 200,000 Women Register as Voters.

Chicago, Feb. 3.—Women citizens of Chicago turned out in full strength today to take advantage of their first opportunity to register as voters. The lowest estimates place the figures within a few thousand of the 150,000 predicted by William H. Stuart, election commissioner, while enthusiasts confidently asserted that 200,000 women registered.

Perfect weather conditions favored a large total and every effort apparently was put forward by men of affairs in charge of and associated with women election officials to make the occasion agreeable to the women. Polling places were made clean and attractive, flowers were not wanting and as a rule, except where the privilege was urged upon them by their women associates, the men election officials refrained from smoking. The requirement that women registering must state their ages, expected to be a cause of some awkwardness, proved to have been over-rated as a stumbling block. Women gave their ages without any effort to keep those in earshot from hearing. Exertions by suffrage organizations mass meetings and messages to mothers sent by school teachers had prepared the women to come to the polls. Representatives of the women's organizations were in evidence as election officials in such political strongholds as the famous First Ward of Chicago and in the river wards. Conditions at the polling places were made quite as agreeable for the women in these wards as in the silk stocking districts, in fact it appeared that the entire election system was on its best behavior today.

There were but few disagreeable incidents and there were quickly attended to by the men officials.

HONOR VETERAN THEATRICAL MANAGER.

Chicago, Feb. 3.—Despite his protests that February 3 was not the anniversary of his birth and that he was still several years on the sunny side of three score and ten, Will J. Davis, the veteran theatrical manager, was showered with congratulations today and tendered a dinner by his friends in honor of his "seventieth birthday." Mr. Davis is a native of Michigan and has been prominent in theatrical circles since 1887. He has controlled a number of leading theatres in Chicago and New York and was one of the owners of the Iroquois theatre in this city when it was burned during a matinee performance and more than 600 lives lost.

WILSON NOT BACKING SULLIVAN

Washington, Feb. 3.—Reports from Indiana and Illinois that the White House was backing the senatorial candidacy of Thomas Taggart and Roger Sullivan met today with a declaration from President Wilson that he had not interfered in any primary contests and did not intend to do so. The president feels that in his home state of New Jersey when he was consulted by the leaders, it was his duty to give them his views, but outside of that he will take no part in any of the many primary contests for the senate.

CHURCH MEN MEET IN DETROIT

Detroit, Feb. 3.—The general board of religious education of the Protestant Episcopal church will meet in this city tomorrow. At the same time and continuing through Thursday there will be a meeting of the Sunday school convention of the fifth department, comprising the dioceses of Ohio, Ohio, Indiana, Wisconsin and Michigan.

Mother's Advice To Her Daughter

A Real Live Doll to Fondle Is Woman's
Greatest Happiness.

One of the most important matters about which women concern themselves is their future status as a grandmother. And she who is wise in herself, who knows of the trials of that famous remedy, Mother's Friend, this is an external application for the abdominal muscles and breasts. It certainly has a wonderful influence, allays all fear, banishes all pain, is a most grateful encouragement to the young, expectant mother, and permits her to go through the period happy in mind, free in body and thus destined to anticipate woman's greatest happiness as nature intended she should.

The action of Mother's Friend makes the muscles free, pliant and responsive to expansion. Thus all strain and tension upon the nerves and ligaments is avoided, and, in place of a period of discomfort and consequent dread, it is a season of calm repose and joyful expectation.

There is no nausea, no morning sickness, no nervous twitching, none of that constant strain known to so many women, hence Mother's Friend is really one of the greatest blessings that could be devised.

This splendid and certain remedy can be had of any druggist at \$1.00 a bottle, and is sure to prove of inestimable value, not only upon the mother, but upon the health and future of the child. Write to Bradford Regulator Co., 132 Lamar Bldg., Atlanta, Ga., for their book to expectant mothers.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

David Estaque has just received a superb new Oakland car of the latest pattern and it is a beauty. It is a five passenger machine, 48 horse power, six cylinder electric lights and starter and fully equipped with all modern improvements. It is a fine machine in its finish and upholstery, handsomely trimmed and in every way is well calculated to serve its fortunate possessor. The price is \$1785 which is less than the figures which have been prevailing for similar automobiles.

MEETING OF GRADUATE NURSES
The thirteenth district association of graduate nurses met at the public library yesterday afternoon with a good attendance of 17 members and several guests. Dr. Carl E. Black gave an excellent address on "First aid" and Miss Alice Dalby of Springfield read a well prepared paper on important events during 1913 in the field of nursing.

10 CENT "CASCARETS"
STRAIGHTEN YOU UP

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning.

Get a 10 cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

CLASSIFIED FEDERAL EMPLOYEES WARNED AGAINST AFFILIATIONS

Employees Affiliated With Suffrage Organizations Liable to Removal From Office.

WASHINGTON, Feb. 3.—Classified federal employees affiliated with suffrage organizations were warned today that they would be liable to removal from office under the civil service laws if they participated in political activity either as officers or influence as members. The commission's attitude was announced by President McElheney in response to a formal inquiry from Mrs. Russell M. McLennan, an employee of the treasury department who recently resigned from the congressional union for woman suffrage when leaders of that body declared their intention of holding the Democratic responsible for congress refused to act favorably on the proposed constitutional amendment.

Mr. McElheney said: "That competitive classified employees may be members of political clubs or similar organizations and clubs, but it is improper for them to be active in the formation or actions of the club or to be officers thereof, or as members to influence other persons by actions or utterances."

MORGAN.

Charles H. Taylor was a business visitor to Winchester last Saturday, where he went to sell the Alexander Berry farm near Merritt. It was purchased by Charles Condit of Winchester at \$199 per acre.

Joe Stone was a Bluffs visitor Friday.

Miss Ruth Hutchins spent Sunday with Miss Ruth Nieman at T. H. Stone's.

Mr. and Mrs. Dan Smith are both on the sick list at his writing.

Albert Peters of Merritt was a caller here Sunday evening.

Mr. and Mrs. Clyde Williams spent Sunday with friends in Bluffs.

Charles H. Taylor was a professional caller in the Arezville neighborhood last Tuesday.

SCHOOL DISMISSED AT I. S. D.

On account of the bursting of a water pipe in one of the main buildings, classes were dismissed Tuesday at the Illinois School for the Deaf.

COUGH TWO YEARS OLD

Yields to Vinol. Read Why.

Strong vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your run down condition again?

Mrs. D. A. McGee of Waycross, Ga., says: "I had a chronic cold and cough which kept me awake nights for two years and I felt tired all the time. Vinol cured my cough and I feel stronger in every way."

The reason Vinol is so efficacious in such cases is because it contains in a delicate concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood building iron added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system.

You can get your money back any time if Vinol does not do all we say. Lee J. Allcott, Druggist, Jacksonville, Ill.

P. S.—For itching, burning skin try our Saxo Salve. We guarantee it.

GIRLS! GIRLS! TRY IT.

BEAUTIFY YOUR HAIR

Make it Thick, Glossy, Wavy, Luxuriant and Remove Dandruff—Real Surprise For You.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandeline hair cleanse."

Just try this—moisten a cloth with a little Dandeline and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandeline dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Dandeline from any druggist or toilet counter, and just try it—Ady.

MURRAYVILLE.

Mrs. C. F. Strang, Mrs. J. H. Spencer and Mrs. H. G. Strang and son guests last Tuesday of Mrs. J. C. Andras, Jr., and family of Manchester.

WORLD'S LATEST FINANCIAL AND MARKET NEWS

STOCK QUOTATIONS ADVANCE WITH A SLOW MOVEMENT

Firmness Appears to Be Derived
from a Steady Investment
Demand Quite as Much as
from Speculative Purchases.

(By Associated Press.)

NEW YORK, Feb. 3.—Quotations
advanced in the stock market today
with a slow, creeping movement.
The market displayed unmistakable
firmness which appeared to be de-
rived from a steady investment de-
mand quite as much as from specu-
lative purchases. The end of the
day found various representative
shares 1 to 2 points higher. The
character of the buying was indicat-
ed by the good demand for bonds
and investment stocks. The new
issue of New York state 4½s sold at
108½, a new high price. A \$7,400,
000 issued of bonds guaranteed by
Louisville and Nashville was over-
subscribed.

Rock Island securities, whose
acute weakness unsettled the whole
list during the preceding session, re-
bounded from their low prices, Lon-
don which sold extensively here yes-
terday reversed its position and
bought.

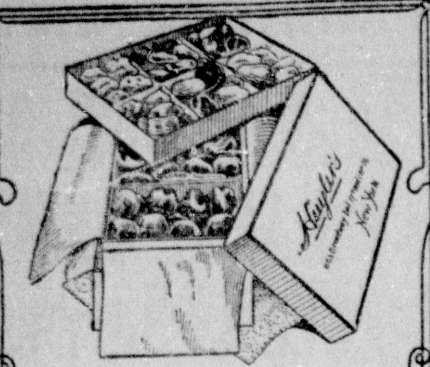

Hill stocks again developed
strength. Their continued advance
gave rise to unofficial reports that
Northern Pacific and Great Northern
would give up control of Burlington,
which, it was said, might confer
right upon shares in the country.

Some of the specialties developed
pronounced strength. General
motors shot up 12 points although
it subsequently lost a large part of
its gain. Coppers were strong on
the advancing price of the metal.

The can shares were depressed tem-
porarily by the showing made in the
company's annual report which re-
vealed a decrease in net of about
\$1,000,000.

ECZEMA SPREAD ALL OVER BODY

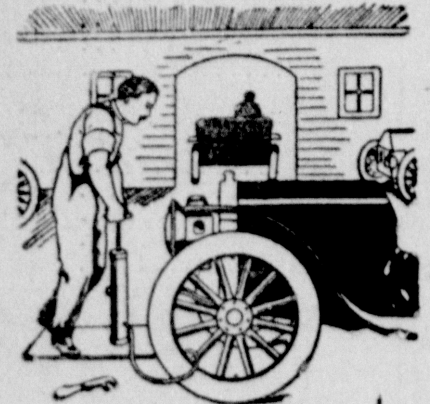

Began on Cheeks With Pimples. Itched Badly. Caused Disfigurement. Had to Put Mittens on Him. Used Cuticura Soap and Ointment. Eczema Left Him.

Roxbury, Ohio. — "When my little boy was two weeks old he began breaking out on his cheeks. The eczema began just with pimples and they seemed to itch so badly he would scratch his face and cause a matter to run. Wherever that matter would touch, it would cause another pimple until it spread all over his body. It caused disfigurement while it lasted. He had fifteen places on one arm and his head had several. The deepest places on his cheeks were as large as a silver dollar on each side. He was so restless at night we had to put mittens on him to keep him from scratching them with his finger nails. He could not sleep because I put those mittens on and then he would wake up and be cross. If he got a little too warm at night it seemed to hurt badly.

"We tried a treatment and he didn't get any better. He had the eczema about three weeks when we began using Cuticura Soap and Ointment. I bathed him at night with the Cuticura Soap and spread the Cuticura Ointment on and the eczema left." (Signed) Mrs. John White, Mar. 19, 1913.

Cuticura Soap and Ointment do so much for poor complexion, red, rough hands, and dry, thin and falling hair, and cost so little, that it is almost criminal not to use them. Sold everywhere. Sample of each mailed free, with 32-p. book on the skin and scalp. Address post-card "Cuticura, Dept. T, Boston."

WANT TUBERCULIN TEST FOR ILLINOIS CATTLE

Feeling of Down-state Dairymen is Being Investigated Relative to Milk Cows Being Shipped Into State. Chicago Dairy Association Against Measure.

Dr. C. E. Cole of this city has been acting on a committee of three, with Dr. L. C. Taylor of Springfield as chairman, appointed by the State Anti-Tuberculosis society to investigate the feeling of the down-state dairymen in regard to the action of the Chicago Dairymen's Association relative to shipping tuberculin cattle into Illinois, and made expression to the governor of the feeling of the state anti-tuberculosis society. Dr. Cole in speaking of the matter yesterday said:

"Concerning the action taken by the State Dairymen's Association in condemning the proclamation of Governor Dunne, with regard to the tuberculin test being applied to dairy herds, a thorough consideration of the problem reveals many motives that the uninformed dairymen did not know existed.

"Following in the steps of the states of Iowa and Michigan there was an attempt made to introduce measures in the state of Illinois which would make it prohibitory to send into this state cattle that could not be sold in other states, because they were tubercular.

"Iowa does not want them, Michigan does not want them and when measures were set in motion for the Illinois did not want them, the Chicago Dairymen's association rushed to the front, with all the political backing that could be mustered in order to defeat the measure, thereby declaring that Illinois did not want the refuse from the other states.

In this connection, it might be said that there are other tests for cattle to be subjected to, but the one of most importance is the tuberculin test. It has been worked out conclusively that milk from a tuberculous animal often is used without transmitting tuberculosis, but it has also been conclusively proved that this milk sometimes does infect the human, and this human who is infected is usually a baby.

Surely the move on the part of the Dairymen's association appears to be merely a commercial one.

Following the defeat of needed legislation comes the proclamation of our governor making the tuberculin test mandatory in Illinois. Naturally this measure will be fought. It is beginning our work at home and will be more efficient, if carried out, than the formerly proposed measure, because when our Illinois herds have been tested and the tubercular animals have been weeded out, it will not be long before dairymen will demand legislation to protect themselves from the unsound cattle that are being unloaded on them from other states.

The dairymen in and around Jacksonville, who have been asked to express themselves on this question, have shown that when they have taken the trouble to be informed they were not in sympathy with the attitude of the Chicago Dairymen's association, on the other hand a great percentage of them are apathetic and entirely uninformed, some even to the extent of vicious indifference. When the real import of this issue is brought to them they become interested and active."

ONE DOSE RELIEVES

A COLD—NO QUININE

"Pape's Cold Compound" Makes You Feel Fine at Once—Don't Stay Stuffed-up! Take it Now. Relief comes instantly.

A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, takes nice, causes no inconvenience. Be sure you get the genuine.—Adv.

MEMORIAL OF

HEALING MARTYR
New York, Feb. 3.—In St. Patrick's Cathedral and in many other Catholic churches in this city there was observed today a quaint annual custom, which has been handed down through many centuries, commemorating miracles in healing throat diseases, wrought by St. Blasius, or Blaise, bishop and martyr. St. Blasius was bishop of Sebaste, a city in Lesser Asia, and during his retirement in the hills near the city he attained such a degree of sanctity that he was enabled to cure ailments of the throat merely by the laying on of his hands. He suffered martyrdom in the year 316 in the reign of Diocletian. On his name day the faithful still flock to the church to invoke his aid in securing relief from maladies of the throat. The ceremonies consist usually in holding two lighted candles in the form of an angle about the throat of the afflicted person while the priest repeats a brief ancient Latin formula, in which the aid of the saint is invoked in preventing or curing the malady.

IMPORTERS TESTIFY.

Chicago, Feb. 3.—Importers who assert that under the new tariff act they are entitled to five per cent exemption on all goods brought to this country in American ships testified here today before A. M. Barnes, special counsel for the department of justice. Hearings will be held in various cities.

RAILROAD NOTES.

M. E. Connolly, operator at the Chicago & Alton passenger station, has returned from a visit with friends in Chicago.

M. M. Reno, division passenger agent of the Burlington, with headquarters at Burlington, visited the city recently.

W. S. Webber of Chicago, traveling passenger agent of the Great Northern was in the city this week.

William Landis and Robert Sawyer electricians from Chicago have been here rewiring the Burlington passenger station.

Taylor Agnew, second trick operator for the Burlington, has gone to Waverly for a visit with home people.

J. W. McBurney of St. Louis, traveling passenger agent for the Union Pacific, was in the city yesterday.

Private car No. 90 on the C. P. & St. L., was booked for Jacksonville yesterday afternoon with general manager Hurst on board.

C. W. James, C. P. & St. L. agent at Little Indian, was in the city a few hours yesterday.

At the Car Shops.

It has finally been decided to wreck engines 26 and 29 and send the contents to the scrap pile as they are too far gone to admit of fixing over.

C. S. Branch, superintendent of motive power, spent Monday with the men at the shops.

Six car loads of scrap iron and other metal have recently been shipped to various points.

Engine 51 is in for light repairs and general monthly inspection and overhauling.

Several tenders in the roundhouse are being made to look like new affairs.

Frank Taylor and Al Garrison, formerly employed in the boiler shops have secured positions in the Burlington shops at Beardstown.

Engine No. 6 is in for light repairs.

Engine No. 2 has gone to Pekin.

Engine No. 6 will be put in shape and sent to St. Louis for duty in the yards.

Engine No. 45 is pulling way freight while 51 is in the round house.

Clifford Scott of the machine shop is laid up with mumps.

Henry Souza, fireman in the engine house, is father of Mrs. Ethel DeFries, northeast of the city who has lost a babe a few weeks old.

William Sauer, foreman of the blacksmith shop is out again after a recent illness but is yet quite weak. The boys all hope he will soon be all right.

The annual passes for the shopmen have arrived. All in the service of the company five years get one and all ten years get one for self and wife. A pleasant recognition of faithful service.

The new passenger coach for the motor train is going to be a daisy. It will have fourteen electric lights, the finest upholstery and many fine conveniences. It will be a luxury to ride in it. It is rapidly getting into shape and will be out as soon as the motor car is ready for business.

There are three motor cars now in service on the main line and it is a fact that during the recent heavy snow they broke the way and plowed through the snow better than steam locomotives which died while the motors went right through.

Dallas McKinney has been employed in the oil house.

Walter Quinlan of the boiler shop suffered a painful injury yesterday when a wedge flew from between two sheets and struck him on the nose. He will be laid up for repairs a while.

A veteran of the road is Nicholas Vieira who has been traveling on the rails 32 years. He fired first, then ran switch and freight awhile and then went to firing on a passenger run. For seventeen years he was with Joseph Warner and had a great affection for the sturdy engineer so popular along the line. Mr. Vieira is still good for many years more of service and is a man who can be relied on for first class work.

Engine 54, 56, 57 and 62 are in the shops for new fire boxes. This is a fine testimonial to the good work done here and it will keep a number of men busy a good while. It will cost from \$3,000 to \$3,250 for each engine and it will be mostly work.

The writer, for several months has made frequent visits at the machine shops and with absolute freedom to go and come, interview all men at

will and look into every department. He has carefully abstained from any abuse of such privileges, going about his business and doing nothing more but he has had fine opportunity to study conditions and is glad to say that the shops are in an especially good condition as regards the morals of the men. There seems to be on all hands a cordial feeling between the men and the foremen of the different shops and all unite in loyalty to Mr. Imgrund, the capable head of the whole establishment. As a master mechanic Mr. Imgrund is a success. He is everywhere at once; now in the round house, next in the machine shop and before you know it you will find him inspecting work on the passenger coaches or the overhauling of motor car No. 101. He doesn't have much to say but he can take the tools from any man and do the job himself in first class style and is not afraid of soiling his hands when the good of the service requires it.

It is doubtful if the people of the city fully realize the value of the shops to the place of the good that comes from the distribution of so much wage money each month. They can build a new engine as they have demonstrated or they can take an old one and make it as good as new and all without making any fuss about it either. It is a pleasure to offer a few voluntary words of commendation for the institution and the men whom the reporter has learned to esteem so highly.

Soda For Gas, Acid Stomach or Indigestion

Gas, Gas, Gas—When everything eaten turns to gas and we eructate sour food and acid fluids it means we are troubled with acidity, says a noted authority. An excess of hydrochloric acid in the stomach starts food fermentation and prevents complete digestion. Then our meals sour in the stomach like garbage sours in a can, forming gases which inflame the stomach like a toy balloon, causing a heavy, lumpy misery in the chest; we belch gas, have sour risings, heartburn, flatulence, waterbrash and nausea.

He tells us to put aside all digestive aids and instead get from any pharmacy a package of 10 grain Sodagen tablets and take one tablet anytime followed by a tumbler of water which will instantly neutralize acidity; stop fermentation, absorb the gases and sweeten the entire digestive tract.

He further states that those men and women troubled with chronic acidity and its resulting indigestion, Sourness and Gases should take one 10 grain Sodagen tablet regularly after meals for a period as this anti-acid is entirely harmless, being composed of Soda, Magnesia and Calcium Carbonate U. STAR TRACK ATHLETES WILL BE OUT OF MEET ON ACCOUNT OF MUMPS

Frank Ward of University of Chicago and Fred Cortis of Illinois Will Not Appear in Meet in Chicago.

Chicago, Feb. 3.—Two of the stars expected to compete in the first regiment's annual handicap meet here next Friday and Saturday have been declared out of it by an attack of mumps. They are Frank Ward of the University of Chicago and Fred Cortis, the University of Illinois middle-weight distance man who was entered with the Chicago Athletic association team.

The withdrawal of these athletes caused a rumor that an epidemic of mumps threatened entrance in the event and because Major G. K. Herman, I. N. G., who in private life is a physician is said to have offered his services to athletes who feared they might contract the disease officials of the American Athletic Union may be called upon to investigate the charge that Major Herman's offer violates the rule against offering "inducements."

TO TEST TICE ROAD LAW.

The validity of the Tice road law will be tested in the court as result of a suit recently filed in Sangamon county. The suit seeks to prevent the highway commissioners from drawing their salaries. Proceedings were brought by Jacob Martens of McLean county against State Auditor James Brady and State Treasurer William Ryan to prevent them from paying any of the funds appropriated for the state aid roads.

D. D. Donahue of Bloomington, attorney for Martens, claims that the act provides for special legislation in helping counties in their road work and that it violates the section of the constitution which prevents the state from assuming the debts of counties.

SOCIAL EVENTS.

Mr. Byron Graft gave a dance Tuesday night at the Colonial Inn, in honor of Miss Ruth Wheeler of Chicago. There were thirty couples present and dancing was enjoyed until midnight when an elaborate luncheon was served. The Inn was prettily decorated for the occasion, the dining room being in pink, the living room in yellow and the hall in red. Among the guests from out of the city were: Miss Ruth Wheeler of Chicago, Miss Bess Reardon and Miss Lenora Hppard of Springfield, Miss Ina Harber, Bloomington; Marcelle Khndell, Sidney Landcraft and Chester Wilcox of Quincy.

The Delta Alpha class of the Central Christian Sunday school, taught by Miss Marie Finney, gave a miscellaneous rush Monday evening at the home of Miss Grace McCarty, 774 East College avenue, in honor of Mrs. Roland Stice, who was recently married and who, with her husband, will remove soon to Jacksonville. Games and music were features of the evening's entertainment and some dainty refreshments were served by the hostess, Miss McCarty. About twenty-five friends of Mrs. Stice were present.

In honor of Paul Theobald, a student at Illinois Wesleyan, who is spending a few days with his parents, Rev. and Mrs. W. W. Theobald, a party was given last evening by Leonard Potter of 930 South East street at which there were present about twelve friends of young Mr. Theobald. Refreshments were served and games played at which prizes were won by Harold Wright, Lee Toomey and Miss Katherine Milburn.

COLLECTOR PICKERING TALKED ABOUT NEW INCOME TAX

Answered Questions at Informal Conference Held at Ayers National Bank Tuesday Afternoon.

J. L. Pickering, collector of revenue for this district, spent several hours in Jacksonville Tuesday afternoon. At a conference held in the assembly room at the Ayers National Bank, Mr. Pickering talked informally with bankers, lawyers, and citizens generally with reference to the income tax. Mr. Pickering visited Jacksonville for this particular purpose and is to make a number of like trips to other cities. There are so many little questions with reference to the new income tax law and its application that bankers and others who have given some study to the measure frankly admit that some of the provisions are puzzling to them. Mr. Pickering did not hesitate to say yesterday that the department itself frequently has occasion to change rulings and it is noticeable that many of the orders which come from headquarters read "to be effective until further notice." Mr. Pickering also acknowledged that there were some questions that he could not answer off hand but he would be glad to make reply if letters on the question were written to him at his Springfield office. He stated too that some rulings by the department did not seem to him as wholly equitable, but that he must carry out the instructions sent.

The business of tax collecting and the enforcement of tax laws is not supposed to be an especially agreeable sort of a business, but Mr. Pickering handles his work in such a way that he seems to have the friendship of the public generally, and the desire is manifest on the part of the public to meet the conditions of the new law fairly. One of the questions brought up yesterday was with reference to corn held by farmers. It was asked if the farmer who sold in 1913 corn raised in 1912 or 1911, if he should consider all of the return as part of his income for the year 1913 and Mr. Pickering stated that this had been the ruling of the department.

In the case of real estate, however, if a man sold a piece of property in 1913 which he had owned for several years at a profit, it is considered correct to spread the profit over several years. To the farmer this does not seem exactly equitable but such is the ruling of the department. Another question asked was with reference to attorney's fees which were due and payable before the law went into effect but which were not paid until after March first, last. Mr. Pickering replied that such fees need not be considered in estimating one's income. As to the matter of reductions to be made on real estate for deterioration, the collector said that each owner must simply give his honest judgment. Life insurance premiums cannot be deducted from income as these are considered a part of the family expense. Later on inspectors are to visit various cities and country precincts to give an advice which is desired and to take a sort of general inventory to see if proper returns have been made.

Among those who took part in the discussion yesterday were M. P. Dunlap, Frank Elliott, Thomas Worthington, J. A. Bellatti, W. N. Hairgrove, J. P. Lippincott, Walter Bellatti, F. E. Farrell, W. B. Brown, W. T. Wilson, G. L. Merrill, E. E. Crabtree and O. F. Buffe.

Others who attended the conference were Andrew Russell, J. E. Wright, H. J. Rodgers, E. P. Brockhouse, George Royce, W. E. Thompson, Hugh Green, J. F. Claus, Matthew Miller, Irvin Stevenson, J. W. Hubble, D. Rees Browning, C. W. Ranson, P. P. Thompson, G. B. Rawlings, E. M. Dunlap, J. O. Priest, L. O. Vought, J. A. Ayers, Walter Ayers, R. M. Hockenbush, Harrison King, B. R. Upham, T. H. MISSIONARY SOCIETY MET.

The Young Women's Foreign Missionary society of Centenary church met Monday evening, Feb. 3rd, with Mrs. Frank Dawson, South Diamond street. Miss Gertrude Atkins assisted in entertaining. There was a large attendance of members and guests.

The society opened with a song, "Jesus, Lover of My Soul." Mrs. P. W. Fox led the devotional exercises. Miss Etta McCarty read a leaflet, "Through many Channels."

Mrs. Frank Bristow read a story, "All that Was Left." After the reading of the minutes and roll call, several matters of business were attended to. A reading, "Sue Water's Housekeeping" by Miss Dorothy Cannon, concluded the program. The society adjourned for a social hour. A book contest was enjoyed by all. Dainty refreshments were served. The house was prettily decorated with red hearts.

Positively the buying opportunity of the year. Andre & Andre's 15th Semi-Annual Sale. You're invited to inspect these bargain offerings. You'll better appreciate the great values offered by paying this store a visit—let it be today.

SIXTY DUROC JERSEY BRED SOWS AT PUBLIC AUCTION. C. H. Giller and A. E. Knight will sell sixty immune sows on Wednesday, February 18, in the Moore Garage Building at White Hall. The building is warm and well seated and comfortable and the offerings will be the best money makers of the season.

CARD OF THANKS.

We wish to extend our heartfelt thanks to the many friends and neighbors who so kindly assisted us during the illness and after the death of our daughter, Dorothy, also for the many beautiful flowers. Mr. and Mrs. W. J. Wheeler.

MORTUARY

DeFreitas.

Chester LeRoy DeFreitas, infant son of Mr. and Mrs. E. E. DeFreitas, died at the family residence 2 miles northeast of the city Tuesday morning at 4:30 o'clock. He was born January 11, 1914. Funeral services were held at the late residence Tuesday afternoon at 3 o'clock and interment was made in Jacksonville cemetery.

Johnson.

David Lowe Johnson, aged 77 years, died Tuesday morning at 11:00 o'clock at his residence of his son, James T. Johnson, 6 miles southwest of the city after an illness with pneumonia.

Mr. Johnson was born in Zenith, Greene county, Ohio, February 12, 1836 and had survived until February 12 of this year would have attained the age of 78 years. He was married in Morgan county February 27, 1861 to Sarah Angelo, who preceded him in death June 28, 1911. He is survived by one son, James T. Johnson, at whose residence he died; and a step-daughter, Mrs. Samuel Thompson of Frederick, Okla. Mr. Johnson was a member of the Baptist church and had been a resident of this state for fifty-six years.

Funeral services will be held at the late residence, Friday morning at 10:30 o'clock in charge of Dr. G. W. Miller. Interment will be made in Diamond Grove cemetery.

ARREST GEORGE MILLMAN ON CHARGE OF BRINGING IN BOOZE.

Man is Caught After Alighting from Burlington Train Near Independence Avenue.

George Millman was arrested Tuesday afternoon by Officers Tuttle and McGinnis on a charge of drunkenness and bringing in liquor in violation of the city ordinance.

Officers McGinnis and Tuttle went to the Burlington switch near Independence avenue Tuesday afternoon to meet the south bound passenger train and when the train stopped they saw Millman alight, carrying a bag which contained a gallon and a half of whiskey. They at once placed him under arrest and took him in the city prison. The prisoner was in such an inebriated condition that he couldn't give any connected story of his actions, but it is thought that he secured the liquor in Aresville and was bringing it in for some one else. He will be arraigned before a justice of the peace today.

The police are making every effort to enforce the ordinance prohibiting the bringing of liquor into the city and meet the Burlington passenger train from Aresville every afternoon at the switch riding it in to the passenger station. Other trains are watched equally as well in the effort to make this a really "dry" city.

Arthur Franz of Edina, Mo., is visiting with friends in the city.

FUNERALS

Deters.

A large number of relatives and friends gathered at the Deters residence, 1275 South East street, Tuesday afternoon to attend the funeral services of Frank H. Deters, which were held at 2:30. The services were impressively conducted by Rev. Clyde Darsie, pastor of Central Christian church of which the deceased was a member. Music was furnished by a quartet composed of Miss Cora Graham, Mrs. Wallace Brockman, J. Phillip Read and Rev. Mr. Darsie, and the flowers, which were many and beautiful, were cared for by Mrs. Arthur Vannier, Miss Ethel Mann and Miss Marguerite Mayer.

Interment was made in Diamond Grove cemetery and the bearers were Fred Gustafson, George Parks, D. T. Iyer, George Greenler, Jerry Olroyd, and Charles Jackson.

Jokisch.

The funeral of Mrs. G. F. Jokisch was held from the family residence 3 miles northwest of Prentice Tuesday afternoon at 1 o'clock, in charge of Rev. J. W. Priest of Jacksonville. There was a large number present and the services were impressively conducted.

Music was furnished by Mr. and Mrs. John Wilburn, Mrs. William Baxter, Mrs. John Pearn and Walter Rearick of Ashland. There were many very beautiful flowers and these were cared for by Mrs. William Dalham, Mrs. George Wankle and Miss Alma Newell.

The remains were laid to rest in the Yatesville cemetery and the bearers were Messrs. H. B. Baxter, Samuel Koontz, J. J. Newell, George Wankle, William Riley and William Dalham.

Wheeler.

Funeral services for Dorothy Wheeler, daughter of Mr. and Mrs. W. J. Wheeler, were held at the late residence, 9 miles northeast of Jacksonville, Tuesday afternoon at 1:30 o'clock in the presence of a large number of relatives and friends. The services were conducted by Rev. J. W. Miller, pastor of Grace M. E. church. Music was furnished by the choir of Hebron church and the flowers, which were many and beautiful, were cared for by Miss Mabel Johnson and Mrs. Aaron T. Hodgson.

Interment was made in Yatesville cemetery and the bearers were: Mabel Foster, Emma Johnson, Tna Swain and Beatie Spiker.

HAS TAKEN POSITION.

Miss Harriett Story has taken a position in the office of Hall Bros., implement house on South Main street, succeeding James J. Brown who will go to Peoria soon to fill a similar position. Miss Story has had much experience at stenographic work both here and in Oklahoma, where she resided several years.

Mr. and Mrs. Grover French of Hennepin are visiting their mother, Mrs. Sue Hauser of this city.

LARGE BEQUEST MADE TO ILLINOIS WOMAN'S COLLEGE

Will Receive About \$30,000 From the Estate of Mrs. Sarah Lyons of Sangamon County.

Information from Springfield is to the effect that by the will of Mrs. Sarah Lyons of Rochester filed there Tuesday Illinois Woman's college will receive lands to the value of \$30,000 or that amount of money in cash. The whole estate is valued at about \$40,000 and minor bequests are made to other Methodist institutions.

Dr. J. R. Harker was in Quincy yesterday and A. C. Metcalf had no facts at hand about the bequest.

MATRIMONIAL

O'Donnell-Metzger.

Charles O'Donnell of Winchester and Miss Mary J. Metzger of Springfield were married Tuesday morning at 9 o'clock at the St. Joseph's Catholic church in Springfield, Rev. Father P. J. O'Reilly officiating.

The bride is the only daughter of Mr. and Mrs. Joseph Metzger and is a graduate of the Ursuline academy. The groom is the son of the late D. O'Donnell of Winchester and is engaged in farming and stock raising near Winchester.

STATE'S ATTORNEY TILTON IS SERIOUSLY ILL

Succumbed Tuesday to Sudden Attack and Condition Rapidly Became Alarming—Bright's Disease Cause.

States Attorney Robert Tilton is a very sick man at his home on South Kosciusko street. He is suffering from acute Bright's disease and last night his condition was accounted critical although not without hope of improvement.

Mr. Tilton was at his office yesterday morning but complained of feeling sick and pains in his head. To a number of friends he remarked that he felt nervous and worn out. He walked home at the noon hour and shortly afterward was taken with an acute attack which was followed by a similar one a few hours later. The hope was widely expressed last night that the states attorney's illness might prove less serious than his condition seemed to indicate.

LEAVES TWO CANDIDATES IN FIELD

As will be noted elsewhere in this issue William N. Hairgrove has announced that he will withdraw from the race for the Democratic nomination for circuit judge in this district. The fact that Mr. Hairgrove has a number of important matters which demand immediate attention and make it impossible for him to make a thorough canvass brought about his decision. This leaves the field to Judge F. E. Baldwin of this county and Norman Jones of Green county. The withdrawal of Mr. Hairgrove, who has many friends in the district should result in aiding the cause of Judge Baldwin.

GEORGE NEWMAN

George Newman, residing three miles east of Woodson held a public sale yesterday which was largely attended. Some of the prices which prevailed follow: two mares, one \$197.50 and \$172.50, purchased by William Fuller; one horse, \$195, J. W. Woods; one horse \$175, one three year old filly, \$140 to George Newman, Jr. Other horses sold from \$60 to \$135; cows \$65 to \$81; calves, \$43; brood sows, \$31; gilts, \$15; other hogs, \$6.60 to \$12.50; baled hay, 60c. Farming implements sold well. Mr. Newman will move to Woodson and his son George will run the farm. J. G. Cox was the auctioneer and John Baxter clerk. The Ladies Aid of Woodson served lunch.

NIECE WILL WED.

Cards have been received announcing the approaching marriage of Miss Florence Gant, daughter of Dr. and Mrs. W. E. Gant of Russellville, Mo., to Mr. Joseph Howard Alcom of Mercedes, Calif. The marriage will take place Feb. 18th. The bride is a niece of N. T. C. A., and D. W. Osborne of this city.
